Our school strategies are on track to meet or exceed our targets

During 2016, we have focused on maximising the benefits of this funding for our students. After reviewing our Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Refining the school-wide intervention program to focus not only on underachievers but ‘C’ students and those in the upper 2 bands (A/B students)
- Employing an intervention teacher and teacher aide to support the implementation of these programs across the school
- Employing a Curriculum Coach to coach/mentor teachers and teacher aides
- Creating an inclusive 0-5 years playgroup run on site by intervention staff
- Implementing moderation processes across the school and extending this to cluster schools
- Providing time for teachers to observe each other and reflect on their learning, including opportunities to observe staff in other schools and contexts
