Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

Refining the school-based teaching of writing program to include year level focused instruction, and student benchmark targets.

Provide teaching and support staff with professional learning –
English: The Teaching of Writing & Vocab Development; and Student Feedback.

Employ a Curriculum Coach to coach/mentor teachers.

Refining data collection to ensure a regular cycle to monitor individual student progress.

Delivery of additional opportunities for teachers to work with Curriculum Leaders to analyse student achievement data.

Implementation of Student Focus Meetings: Teachers meet once a fortnight to discuss the learning support and learning extension needs of students.

Implementation of targeted programs to support and address gaps in student learning:
• Metalinguistics in the Prep classroom.
• Read it Again Program.
• Sight Word automaticity building.
• Reading comprehension – P-6 Reading Program
• Maths Intervention Group – 4-6
